Report on Orientation Programme “Outcome Based Education”

An Orientation Programme on Outcome Based Education (OBE) was organized on 6th May 2019 in MBA Seminar Hall. Dr. M. G. Sethuraman, Professor, Department of chemistry, The Gandhigram Rural Institute (Deemed to be University), Gandhigram – Dindigul District, Tamil Nadu was the Resource Person.

Dr. S. P. Rajendran, Assistant Professor, Department of chemistry, in his welcome address emphasized the importance of OBE in the Current Academic scenario in which institutions just focus on framing the curriculum but not on the achievement of learning outcomes.

Dr. M. G. Sethuraman delivered a lecture on “Outcome Based Learning Approach (OBL)”.

Dr. M. G. Sethuraman on Outcome Based Education (Session I)

He emphasized that our present teaching learning processes are geared towards the Input Based Model rather than Outcome Based Model and hence the urgent need for changing the Instructional methods. He gave direction and guidance to the faculty members how to inculcate OBE in the teaching learning process. Nearly seventy-five Faculty Members attended this Programme.

Dr.M.G.Sethuraman on Outcome Based Education (Session II)

The programme came to an end with the vote of thanks by Dr. G. Ayyannan, Assistant Professor, Dept. of Chemistry.

Convener, CHRD
