To Whom it May Concern

This is to certify that Mr. Praveen Kumar P., a final year B. Tech (Chem. Eng.) student from Karpagam Academy of Higher Education, has carried out his winter project work entitled "Application of Vilsmeier-Haack reaction for the synthesis of 2,4,5-trimethoxy benzaldehyde from 1,2,4-trimethoxybenzene" under my supervision from 08th Dec. 2019 to 30th Dec. 2019 at Organic Synthesis Laboratory, Indian Institute of Technology, Bhubaneswar. During his stay he was found to be very sincere, hardworking and punctual. I wish him all the best for all his future endeavors.

Regards

Dr. Tabrez Khan
