

Report on

3rd Summer Training Programme on 'Bioinstrumentation'

**May 13-14 (Batch 1&2)
May 20-22 (Batch 3)
May 23-25 (Batch 4), 2019**

Organized by

**Central Instrumentation Facility (CIF)
&
Department of Biotechnology,
Faculty of Arts, Science and Humanities
Karpagam Academy of Higher Education
Coimbatore, Tamil Nadu**

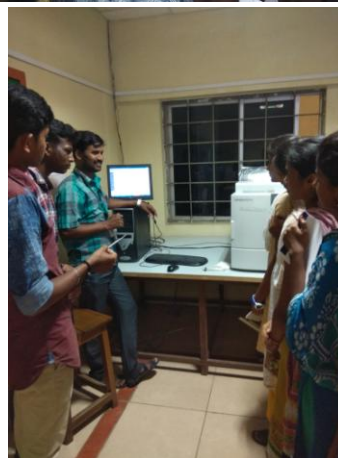

Organizing Secretary:

Dr.A.Sangilimuthu, Assistant Professor, Department of Biotechnology, KAHE, Cbe.

About the Training:

This workshop includes the following techniques UV-Visible spectrophotometer, FT-IR and Gas chromatography. There are 122 students participated in the programme and coordinated by Dr.A.Sangilimuthu, Assistant Professor, Department of Biotechnology, FASH. The event was conducted at Central Instrumentation Facility, KAHE for 2-3 days in three sessions May 13-14 (Batch 1&2); May 20-22 (Batch 3); May 23-25 (Batch4), 2019.

The students have given feedback stating that that they conveyed thanks to our management to conduct this workshop and suggested to include high-end sophisticated instrument training like HPLC, HPTLC and AAS in future. Overall students have given good feedback about manual content, demonstration and practical session.

Technical session handled by Dr. A. Sangilimuthu
