FACULTY OF ENGINEERING

DEPARTMENT OF BIOTECHNOLOGY (B.TECH)

TWO DAYS WORKSHOP ON "COMPUTATIONAL GENOMICS, MOLECULAR DOCKING AND BIOMOLECULAR VISUALIZATION TOOLS"

The Department of Biotechnology (FoE) organized two days workshop on "**Computational Genomics, Molecular Docking and Bio-molecular Visualization Tools**" on **7th and 8th January 2019** with eminent guests from AMI Biosciences and Karunya Institute of Technology and Sciences. The main goal for having organized the event was to bring in extra knowledge and benefits for students to have broad understanding on Computational Genomics, Molecular Docking and Bio-molecular Visualization tools. Dr.R.Thilagavathi, Associate Professor and Head, Department of Biotechnology, delivered the welcome address to the participants. **Dr.Ayyavu Mahesh, Director, Centre for stem cell and cancer research**, AMI Biosciences delivered the key note address during the event. Ms.P.Yasodha, Assistant Professor, Department of Biotechnology (FoE) (Organizing secretary) had presented the vote of thanks. Participants were given with hands on training on Computational Genomics, Molecular Docking and Bio-molecular Visualization Tools as it has emerged as an important area in research. Around **69 participants (internal and external)** had participated and benefitted from the event.

Inaugural talk and Welcome address given by Dr.R.Thilagavathi, Head of the Department (FoE), KAHE on 07-01-2019

Dr.Ayyavu Mahesh, Director, Centre for stem cell and cancer research, AMI Biosciences, delivered lecture and hands on training on "Computational Genomics" on 07-01-2019.
