IPR plays an important role in the Economic Growth and in today's modern world, Information Technology (IT), Communication and Electronics are some of the most innovative, dynamic and highly advanced segments that drive economic growth. Its briefly explained by Lt. Dr. K.P Sridhar .IPR thus plays an important role in value creation in these technologically advanced segments thereby fostering innovation. Today there is a dire need for the technology businesses, start-ups and academic institutions focusing on research to understand and become aware of the key issues & recent developments in IPR related to technology segments. Office of Patent Facilitation and Licensing Consultancy (OPFLC), CURIN and IPR Cell Chitkara University H.P. set up by State Council for Science, Technology & Environment, Himachal Pradesh with support from Ministry of Electronics and Information Technology (MeitY) proudly announces a one-day interactive seminar. The one day will feature keynote talks and lectures by leading IPR Experts & Patent Attorneys in the areas of IT, Communication & Electronics. There will also be one to one session with the experts and a panel discussion session. Please see the detailed agenda.
