#### About the University

Karpagam University was started with a prime ambition of affording opportunities to young men and women for equipping themselves to get employed and contribute to the technological and social development of the nation.

"Our mission as an educational institution is to instill originality in the learning minds and impart strength and efficiency by giving quality-value-based educations, motivating skills and creativity with innovative selective knowledge, for the purpose of rendering unique products to serve and then lead the society and being perfection in entirety which projects our vision".

The University offers wide range of Undergraduate, Post graduate and Doctoral programs in the field of Arts, Science, Management Architecture, Pharmacy and Engineering streams.

#### Department of Computer Science

The Computer Science Department is formed to provide best updated courses in computer science and graduate

computer scientists who are recognized as best all over the world. The Department offers B.Sc (CS) in the under-graduate stream and M.Sc (CS) in the Post graduate stream. Further, it is also a full fledged Research Department offering Full-time and Part-Time M.Phil and Ph.D. research programs.

The faculty and students dedicate themselves to take the maximal advantage of modern Computer Science to solve a wide range of complex scientific, technological and problems. The department continues to promote innovative research in the core Computer Science as well as multidisciplinary application areas.

#### About the seminar

The objective of this seminar is to equip the research scholars to know the tools and open source software needed to do a research. This seminar covers the research methodologies, and its techniques. The seminar aims at bringing the research scholars together to share their knowledge and know the open source software for the research.

#### Open-source Software

(OSS) is any computer software that's distributed with its source code available for modification. That means it usually includes a license for programmers to change the software in any way they choose: They can fix bugs, improve functions, or adapt the software to suit their own needs. This workshop is expected to fill up the needs of the researchers.

#### Resource Person

Dr.M.Hanumanthappa  
Professor & Chairman,  
Department of Computer  
Science & Applications,  
Bangalore University,  
Bangalore

#### Registration Fee

Students: Rs. 300  
Research Scholars &  
Faculty from host: Rs.500  
Research Scholar from  
other University: Rs. 600  
Faculty : Rs. 700  
Industry Person : Rs. 1000

Demand draft to be drawn  
in favour of "Karpagam  
University" payable at  
Coimbatore.

Last Date for sending  
demand Draft: 20.1.17.
