

Department of Mathematics
Webinar Report on
DISTANCE MAGIC GRAPHS

The Department of Mathematics organized a webinar on 08.08.2020. A slew of participants (204) were registered enthusiastically in the registration link <https://forms.gle/H4BArenNSMs21QRy7>. The participants include UG, PG students, research scholars and faculty members from various institutions of across the country. The webinar started at 11.00 am of 08.08.2020 in the online platform with the link <https://meet.google.com/bvz-effd-scm>. Dr. N. Kamatchi, Associate Professor, Department of Mathematics, Kamaraj College of Engineering & Technology, Virudhunagar, had been acted as a resource person for the webinar. He delivered the lecture on distance magic graphs with their applications in real-life. Participants were very much motivated by his talk. Also, the participants have enriched their knowledge in the research dimension of magic graphs through resource person presentation. Around 12.30 pm, the webinar came to an end with the national anthem. All the participants received the e-certificate for their participation.
