

**FACULTY OF ENGINEERING**  
**DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING**  
**REPORT**

**WEBINAR ON 'CYBER SECURITY'**

A Webinar on 'Cyber Security' was conducted by the Department of Computer Science and Engineering on **07.10.2020** for the students of Department of CSE. **Dr.R.Kaviarasan**, Assistant Professor, RGM College of Engineering and Technology, Andhra Pradesh was invited as the speaker and delivered speech online. A total of **134** students from II-year and III-year students of the department of Computer Science and Engineering attended the webinar.

Cyber security is the practice of defending computers, servers, mobile devices, electronic systems, networks, and data from malicious attacks. It's also known as information technology security or electronic information security. The term applies in a variety of contexts, from business to mobile computing, and can be divided into a few common categories. Cyber security is the practice of defending computers, servers, mobile devices, electronic systems, networks, and data from malicious attacks. It's also known as information technology security or electronic information security. The term applies in a variety of contexts, from business to mobile computing, and can be divided into a few common categories. Dr.N.Mohanasundaram welcomed the gathering and Ms.P.Kanchanadevi presented the vote of thanks.
