About the Institution

Karpagam Academy of Higher Education is located in a sprawling, green, lush campus extending 26 acres. It has emerged from Karpagam Arts & Science College (Autonomous) a unit under the Karpagam Charity Trust established in 1989 founded by the great philanthropist, industrialist and educationist Dr.R. Vasanthakumar with the vision of instilling originality in the learning minds, imparting quality and value-based education and to engage in Research and Development with the noble objective of creating unique men and women to serve and lead the society.

Karpagam Academy of Higher Education was conferred as Deemed to be University by the Ministry of Human Resource Development in August 2008 under section 3 of the UGC Act 1956. It is a recognised Deemed to be University by the UGC. It is a member of the Association of Indian Universities. The Institution has been accredited by the NAAC in 2015.

The Institution has 4 Faculty - Faculty of Arts, Science and Humanities, Faculty of Engineering, Faculty of Architecture and Faculty of Pharmacy. It has 25 Departments offering a wide range of 84 academic programmes from graduation to doctorate level. The Institution has more than 6,000 students on campus, with a strong contingent of more than 350 teaching faculty, well supported by an almost equal number of administrative and supporting staff. Faculty have got good number of research projects with financial support from various funding agencies like DBT / DST / ICMR and have filed more than 60 patents. As many as 2200 Research papers have been published by the faculty in SCOPUS. The Institution has collaborated with Foreign Universities, Industries, and Research Bodies for mutual benefit. The Institution ensures that education epitomizes excellence in every sphere and students are prepared to take on the challenges of the day and become the next generation leaders.

About the Department

The Department of Biochemistry was established as an autonomous department in the year 2008. The Department has received projects and seminar grants from national funding agencies such as ICMR, UGC, DST, DBT and TNSCST. The thrust areas of research include cancer biology, diabetes, bone health, natural products, toxicology and nanobiotechnology. The department has more than 200 publications in high impact journals. The research findings were also filed for patent and 5 MoUs were signed with reputed foreign Universities like University of Malaya, and University of Freestate for collaborative research.

The Department of Biochemistry has well equipped laboratories with sophisticated equipments, well established Animal house and a special lab for Animal Tissue Culture Research and Phytochemistry research with state of the art equipments.

About the Conference

Life science research addressing health and environmental issues are gaining importance now. It is important to understand that the contribution of individual scientist and institutions are vital for nation's growth. To be a competent researcher it is necessary to acquire research skills. Keeping this in mind, the Department of Biochemistry has planned to organize this conference on Research methodology with particular emphasize on design and execution of research work, research techniques to be adopted for research problems, analysis of data, thesis writing and publication in high impact factor journal.

Themes

- * Research scientist from various disciplines contributes with their expertise in the following areas::
- * Research design and execution
- * Research techniques
- * Animal studies procedure
- * Medicinal plant research
- * Data analysis and presentation

Guidelines

Abstracts should be submitted in MS-Word format. The text should be typed in "Times New Roman", sized 12 in double spacing, as both soft and hard copy. Abstract should not exceed 250 words.

Important Date:

**Last date for abstract submission is :
on or before 1st March, 2020.**

REGISTRATION DETAILS

Professors, Scientists, Research Scholars, Students, members of Cancer Research Foundations, Hospitals etc., can attend the seminar by sending the registration form along with Demand draft in favor of "**Karpagam Academy of Higher Education**" payable at Coimbatore to the Convener on or before **1st March, 2020**. Spot registration may also be permitted on prior request. Registration fee includes working lunch and high tea.

Registration Fee

Students	Rs. 300
Research Scholars	Rs. 500
Academicians, Scientists	Rs. 600

(Accommodation will be provided to the participants in Hotels at their own Expense on prior request)

The soft copy of the abstracts must be sent to

E-mail address: resmet2020@gmail.com

NOTE:

Selected abstracts will be published in ISBN numbered conference proceedings.

Event Writeup – National conference on “Research Methodology - 2020”

RESMET - 2020

The conference was organized by Dr. L. Hariprasath, and Dr. Rajesh Pandiyan, Department of Biochemistry, KAHE. The national conference RESMET' 2020 started with inauguration session. Around 200 research scholars and students from various states of Tamilnadu, Kerala, Karnataka, and Andhra Pradesh participated in the event. The welcome address was given by Dr. K. Devaki, Head of the Department, Department of Biochemistry, KAHE. The presidential address was given by Dr. S. Sudalaimuthu, Vice Chancellor. Dr. M. Palaniswamy, Registrar and Dr. N. V. Balaji, Dean, FASH delivered the felicitation address. The vote of thanks was given by Dr. Rajesh Pandiyan. The inaugural lecture was delivered by our chief guest Dr. K. Kadirvelu, Scientist F, DRDO, Bharathiar University, Coimbatore in the topic entitled: Research techniques. He delivered the lecture regarding to the recent scientific revaluation in advance research and development. A question session following the lecture was organized to clarify the doubts and queries of the participants related to research methodology. This session was followed by the lecture from Dr. C. Senthil Kumar, Department of Pharmacy, Coimbatore, on “Current and Future Perspectives on Pharmacological Research”. He addressed many research revolutions in the pharmacological aspects by handling the animals. Lunch break was given at 1 – 2pm. The third session was started at 2 pm and the lecture was delivered by Dr. C.T. Sulaiman, Centre for Medicinal plants research, Arya Vadiya Sala, Kottakkal, Kerala on “Research methodology in Medicinal Plants”. The first day program was completed with a complete package of new knowledge on research and developments. The students and research scholars actively involved in all the invited sessions and has participated in the research and review papers presentation.

The second session started with the special lecture delivered by Dr. L. Hariprasath, Department of Biochemistry, KAHE. He delivered the lecture on “Re-search for research: Systematic search” and addressed on database search engines and challenges in a great manner. Followed by Dr. M. Jaganathan, Department of Mathematics, KAHE has delivered the lecture on “Statistical tool for Data Analysis”. The session was shared the knowledge of statistical methods involved in carrying out a study include planning, designing, collecting data, analyzing, drawing meaningful interpretation and reporting of the research findings. The poster and oral presentation

was followed by all participants from research scholars and students. Finally, the valedictory function was held up and all dignitaries, professors, research scholars, and students were participated. The program was completed with grateful and meaningful to the topic of the conference which is happened in the entire two days national conference. As well as, the dignitaries distributed the cash prizes and certificates for the best oral and poster presentation.

Release of souvenir by the Vice Chancellor, KAHE
