A report on the Workshop Programme on “How to Reduce the Expenditure Drastically in Chemistry Practical’s” on 19th September 2016 in Karpagam Academy of Higher Education

We have organized a Workshop Programme on “How to reduce the expenditure drastically in chemistry practicals” on 19th September 2016 for the UG and PG students of our college. Dr. S. Murugan, Head of the Chemistry Department, S.T. Hindu College, Nagerkovil was the resource person for the workshop programme. First year B.Sc., and M.Sc., students (120 students) were allowed to participate in the programme. Few staff members also participated in the programme.

The Inaugural programme was conducted in Bharathi Hall at 10.00 am. After Invocation, Mr. Ashline Xavier of I-M.Sc., Chemistry welcomed the Chief Guest and the gathering. Dr. S. Ravi, Head, Department of Chemistry briefed about the importance of the programme. Then the resource person Dr.S.Murugan gave a power point presentation for one hour about the procedures to be followed in doing the experiments, stressing the need to reduce the expenditures in chemistry practical’s. Once the presentation was over we moved to the Chemistry Laboratory for practical demonstration. The students also tried many experiments and the message was well received. The demonstration continued till the evening (4.30 pm). Finally Mr. G. Sathiya Surya from I-B.Sc., Chemistry delivered the vote of thanks.

Dr. S. Ravi, Head, briefed about the importance of the workshop programme at Bharathi Hall

Dr. S. Murugan, makes a Demonstration in the Chemistry Lab
