

Report on

**Training cum workshop on Bioinstrumentation
30.05.2019 to 31.05.2019**

Organized by

**Central Instrumentation Facility (CIF)
&
Department of Biotechnology,
Faculty of Arts, Science and Humanities
Karpagam Academy of Higher Education
Coimbatore, Tamil Nadu**

Organizing Secretary:

Dr.A.Sangilimuthu, Assistant Professor, Department of Biotechnology, KAHE, Cbe.

About the Training:

The programme was conducted successfully for participants of 29 students of KAHE. The following techniques were taught and handled in the workshop - FT-IR, GC and UV-VIS. The 2 days training were handled by Dr.A.Sangilimuthu, Assistant Professor, Department of Biotechnology. The event was conducted with Batch V at Central Instrumentation Facility (CIF), KAHE. Good feedbacks were received from the students and they conveyed thanks to our management to conduct such workshop and suggested to include high -end sophisticated instrument training like HPLC, HPTLC and AAS in future. . They told that this training handling will support their project studies. Overall students have given good feedback about manual content, demonstration and practical session.
