Eachanari Post, Coimbatore-641021, Tamilnadu, India.

FACULTY OF PHARMACY

DEPARTMENT OF PHARMACY

REPORT:

Faculty of Pharmacy, Karpagam Academy of Higher Education, Coimbatore organized Career Counseling Program on the topic "Role of Pharmacist as a Hospital Pharmacist" on 10.12.2019 at Seminar Hall, Faculty of Pharmacy. Dr. R. Sundaraganapathy, Dean, Faculty of Pharmacy, Karpagam Academy of Higher Education inaugurated the session and delivered the welcome address. This training aim to provide additional learner skill oriented technical knowledge, with the primary objective of improving the employability skills of Pharmacy students. The session was followed by the Resource Person Dr. K.S.G. Arul Kumaran, Vice Principal, KMCH College of Pharmacy, Coimbatore. He enthralled the session quoting that the pharmacist's role in a hospital might appear straightforward. While the delivery of medication is a major part of the job, the role extends far beyond this, as they are seen as a core member of the hospital team, when it comes to delivering patient care. As a hospital pharmacist, you'll be an expert in the field of medicines, understanding how they are used and what their effects are on the human body. As well as dispensing prescriptions, you'll be involved in the purchasing and quality testing of medicines. You may also manufacture medicines, as in some cases treatments need to be tailor-made for individual patients. You'll work closely with medical and nursing staff to make sure hospital patients receive the best treatment, advising on the selection, dose and type of administration. You'll also provide help and advice to patients in all aspects of their medicines. While most hospital pharmacists are based within NHS or private hospitals, the role can extend beyond this with responsibility for medicines in health centers, nursing homes, hospices and general practitioners' (GP) surgeries. The overall session ends with vote of thanks.
