FACULTY OF <u>PHARMACY</u> DEPARTMENT OF <u>PHARMACY</u>

REPORT:

Faculty of Pharmacy, Karpagam Academy of Higher Education, Coimbatore organized Career Counseling Program on the topic "Role of Pharmacists in developing a Virtual Animal Lab" on 06.02.2019 at Seminar Hall, Faculty of Pharmacy. Dr. R. Sundaraganapathy, Dean, Faculty of Pharmacy, Karpagam Academy of Higher Education inaugurated the session and delivered the welcome address. This training aim to provide additional learner skill oriented technical knowledge, with the primary objective of improving the employability skills of Pharmacy students. The session was followed by the Resource Person Dr.C.Senthil Kumar, Professor, Karpagam College of Pharmacy, Coimbatore. He enthralled the session quoting Evidence-based medicine (EBM) is the practice of individual patient care by using the evidence of extensive published research. EBM classifies published data based on its worth by considering meta-analyses, systematic reviews and randomized trials and provides a suitable recommendation for the physician. The National Library of Medicine (NLM) introduced the EBM as a medical subject heading (MeSH) to PubMed in 1997 and broadly defined it as medical practice with the aim to improve and evaluate patient care requiring the judicious integration of best research evidence with the patient data to make decisions about medical care[1]. It helps physicians make proper diagnosis, devise testing plan, select best possible treatment and method to prevent diseases, as well as develop guidelines for large groups of populations affected by the same disease. The overall session was interactive and was ended by vote of thanks.
